

Petroleum Geology of Iraq & Adjacent Areas

PDF Report Library Main Index Page

INTRODUCTION

Welcome to the PGA et al PDF Report Library. The library contains hyperlinked versions of our Middle East Reports in PDF, Excel and HTML formats.

Notes on Navigation –

- Use the bookmarks panel to navigate within and between the PDF documents.
- Use the blue hyperlinks and “◀◀” (at the base of the index pages) to navigate between the index pages and the reports.
- In order for the hyperlinks function correctly, the directory structure and file names should not be altered.
- The Petrographic Log & Image Dataset (2010) is best viewed with the Web-browser Version, however a PDF Version is also provided.
